

Password Management

When the password management site asks for your "Account Name", it is asking for your NNU Username.

Enroll

If this is your first time using the password management site, then click [here](#) to enroll in the system, set up your security questions, and reset your password from the default. (You can also use that link to reset your security questions.)

Change Password

If you have your password and want to change it, then click [here](#).

Forgot Password

If you have lost or forgotten your password, then click [here](#) to reset it using your security questions.

Locked Out

If you are locked out of your account because of too many incorrect passwords, then click [here](#) to unlock it using your security questions.

If you want to change your Google Apps (Gmail) password, click [here](#).
